Introduction:

Do you enjoy designing and media communications? Want to share your thoughts with your peers? Consider joining Publications! From conceptualising to interviewing, writing and designing, our members are involved in every aspect of magazine publishing. Our departments - English, Chinese and Design, work closely together to produce our print magazines D'Hour/D 时代, along with our special bilingual editions. In 2018, Publications started an online magazine platform on Issuu, which amassed a wide readership from the school population. Our members are given the freedom to choose their topics and exercise their creativity in crafting every article. You can look forward to interviewing and sharing the stories of various members of our Dunmanian family! With many CCA collaborations, you can get exclusive previews at performing arts concerts. We also cover sports events and many more! The unique and meaningful experience in Publications is a highlight of Senior High life. So what are you waiting for? Don't just be a silent reader; be a writer and share your ideas while expressing the spirit of Dunman High in words and photos!
