

TECHIES (PA Crew) (SH)

CCA days and timings:

Ad-hoc

Venue:

Performing Arts Centre

Introduction:

Techies is made up of a group of students who provides audio and video support during concerts. We create the lighting, sound, special and scenic effects for the performances and render extensive support in DHS's concerts such as Chinese New Year, Teachers' Day Celebration and concerts by the different Performing Art Groups. This makes us instrumental to the success of all DHS performances.

All of us are given the opportunity to learn and operate a variety of latest audio-visual equipment. Intensive on-the-job training is provided to all newcomers under the supervision of Senior Techies and Mr Jimmy.

As part of our Values in Action commitment, techies also volunteered at Riding for the Disabled Association in 2019. It was an eye-opening experience as we helped around the horse stable to clear up the pasture and build equipment for games in the therapy sessions.
