- b) Modes of transmission for STIs and HIV
- c) Modes of protection against infection, specifically abstinence and the correct and consistent use of condoms
- d) Consequences and impact STIs/HIV

3. The programme is delivered through a 1-hour mass talk. A video and presentation are used to convey key learning points. The programme depicts the health, social and financial implications of STIs/HIV on an individual and the family, and emphasises the importance of responsible decision-making and seeking help. Presenters are engaged by HPB and follow a presentation guide approved by MOE.
