Introduction:

In Art Club, members were offered a fascinating array of activities throughout the year; other than showcasing their passion for art, they were exposed to learning new art forms and also lending their service to the Silver Generation citizens at St. Hilda's Community Services Centre. The signature Art Camp during Mid-Year holidays serves to bond members closer and providing them the opportunity to lead in different ways.

Through the vibrant activities in and out of school, we wish to provide our members with enjoyment in learning and opportunities to gain valuable experiences as well!
