

# FASHION STUDIES (SH)

## CCA days and timings:

Friday: 7.45 am to 8.45 am

## Venue:

Art Room

## Introduction:

Despite being a newly borne CCA in Dunman High, Fashion Studies has been a creative outlet for people who have a niche area of interest.

Through exploring various outlets of creation, each member is able to express their individuality through pieces they design during our annual Fashion Studies Showcase. Through a recreation of real fashion shows, members will be able to select models and display their clothing in a performance like setting. This also contributes to tangibility of the clothing pieces and enables spectators to understand more about the appeal of fashion.

This year in particular, the theme of our showcase highlighted sustainability in fashion. This current societal trend is an extremely constructive one as it encourages inculcates the message of conscious consumerism—through investing in second-hand pieces.

Additionally, Fashion Studies also hones life skills of members through practice of sewing and designing clothes. Hence, it is no doubt a CCA which adds a touch of colour to our mundane school lives.
