Introduction:

The Senior High Golf CCA started as an interest group in 2009 and it has welcomed many interested students over the years. The weekly training sessions are held at the Marina Bay Golf Course and managed by the Youth Golf Programme. This programme provides budding golfers an opportunity to learn basic skills under the guidance of professional coaches. The lessons included skills equipping sessions at the range to putting sessions at the green. Apart from weekly training sessions at the Marina Bay Golf Course, the team also participates in other events such as Values in Action activities and the annual D'Carnival, where we put our creativity to test by creating games involving elements of Golf with a fun twist. Get into the swing of things and join us!
