Venue:

School Indoor Sports Hall (ISH) or other external venues

Introduction:

The DHS volleyball team consists of both female and male students from across all six years of studies. Dedicated and passionate players, they put in a lot of time and time to sharpen their skills in order to do well as a team.

Although this is a big family of close to 100 players, they forge strong relationships and camaraderie through weekly training sessions and annual camps. Other than the National School Games competitions, the teams took part in various friendly matches as well as external competitions organised by the Volleyball Association of Singapore, e.g. Under 14 / Under 19 championships.

For 2020, we hope to achieve greater heights through our hard work and dedication.
